EXPERIENCE

US Army Fort Campbell, KY
Training Officer (Director Level) August 2022 – August 2023

- Organized and prepared over 800 personnel for global operations which included additional 2200 personnel on multiple foreign teams through extensive three-month planning and training events
- Developed risk mitigation plan by ensuring appropriate communication with senior leadership and coordinating additional trainings events for potential weekly adjustment
- Maintained and accounted for \$100 million of assets used for cross functional operations across multiple platforms

Executive Officer (Assistant Manager Level) November 2021 – August 2022

- Increased decisive and cohesive teams through targeted training events in preparation and response for international operations
- Instructed and mentored 147 junior leaders by collective and culminating training events to develop future leaders within the ranks
- Analyzed shortages for budgeted expenses based on time and resource considerations; implementation led to shortages being replaced worth \$2 million

Training Officer (Manager Level) April 2018 – November 2021

- Led 42 personnel through technical and practical training by objective essential glide path from senior leadership's guidance
- Performed logistical transportation of \$500 million of assets through maritime training events leading to successful completion of movement
